

RCPE Symposium: Futuristic Medicine

Friday 1 February 2019

Call for Abstracts

We are seeking abstracts from **any specialty** on novel clinical or pre-clinical research addressing disease understanding, diagnosis or therapeutic strategies. Authors may be clinicians, trainees, scientists or medical students. Abstracts will be shortlisted on the basis of quality and originality. The highest scoring abstracts will be invited to present their work in poster format at this symposium. Prizes will be awarded for best posters.

Abstracts will be accepted as Word or pdf attachments of up to 250 words. Up to two figures/tables may be included.

Abstracts should be presented in the following format:

Title

Author & Institution: (Please give your last name or the name by which you wish to be known in capitals (e.g. Dr John SMITH, Dr Abdul MOHAMMED Hussein)

Background

Methods

Results
