20th May 2027

Royal College of Surgeons, Edinburgh

Cardiogenic Shock: Learning from across the UK

Following our highly successful 2025 meeting, we plan a further one day educational event bringing together UK experts in the fields of Cardiology and Critical Care to discuss the management of Cardiogenic Shock

The event will be of interest to all doctors, nurses and AHPs working within the fields of Cardiology, Critical Care, Acute Medicine and Emergency Medicine

Topics will include:

- eCPR
- VA ECMO Transfer
- Survivor stories
- Advanced monitoring
- Introduction to ECMO
- Hands on Echocardiography
