

EDINBURGH BREAST CANCER SPECIAL SYMPOSIUM

29th February 2020 | John McIntyre Conference Centre
Pollock Halls, Edinburgh

www.ebcss.org

SATURDAY 29th February 2020

08.15-08.45 REGISTRATION & EXHIBITORS AREA OPENS (COFFEE/TEA SERVED)

08.45-09.00 MAIN AUDITORIUM: OPENING REMARKS **Professor Mike Dixon**

SESSION 1: MAIN AUDITORIUM: Endocrine Therapy Resistance (Chair: Prof Mike Dixon)		
09.00-09.30	Professor Charles Perou University of North Carolina	Quantitative medicine for ER-positive breast cancer patients
9.30-10.00	Professor Bob Clarke Georgetown University	A systems biology perspective of endocrine resistance
10.00-10.30	Professor Val Speirs University of Aberdeen	Identifying biomarkers of endocrine therapy resistance in breast cancer
10.30-10.50	Dr Bruno Simões University of Manchester	Targeting cancer stem cells in hormone resistance breast cancer
10.50-11.10	Dr Arran Turnbull University of Edinburgh	The genomics of endocrine therapy resistance

11.10-11.45 COFFEE/TEA BREAK & NETWORKING & EXHIBITORS AREA OPEN

SESSION 2: MAIN AUDITORIUM: Novel Translational Biomarkers & Biomarker Discovery (Chair: Dr Olga Oikonomidou)		
11.45-12.15	Professor John Bartlett Ontario Institute of Cancer Research	Novel approaches for biomarker discovery in breast cancer
12.15-12.35	Dr Andrew Sims University of Edinburgh	Predicting response to endocrine therapy
12.35-12.55	Dr Binzhi Qian University of Edinburgh	Macrophage heterogeneity in breast cancer metastasis
12.55-13.15	Professor Ian Kunkler University of Edinburgh	Biomarker discovery for radiotherapy response

13.15-15.00 LUNCH & NETWORKING & EXHIBITORS AREA OPEN

13.30-15.00 POSTER SESSIONS
BLUE SECTION: Endocrine therapy resistance in breast cancer
GREEN SECTION: Novel biomarkers and biomarker development for breast cancer
YELLOW SECTION: Emerging therapeutics for breast cancer
RED SECTION: General breast cancer research

13.30-15.00 SPONSORED SATELITE SYMPOSIA
--

SESSION 3: MAIN AUDITORIUM: Emerging Therapeutics & Drug Development (Chair: Dr Andrew Sims)		
15.00-15.30	Professor Mitch Dowsett Institute of Cancer Research London	Biomarker analyses in the presurgical setting to assist in drug development
15.30-15.50	Professor Val Brunton University of Edinburgh	Understanding the role of the tumour microenvironment in invasive lobular carcinoma
15.50-16.10	Dr Walid Khaled University of Cambridge	Emerging therapeutics for triple negative disease
<i>Research Update Sessions</i>		
16.10-16.40	Professor David Cameron University of Edinburgh	Update on emerging HER2-targeted therapies
16.40-17.10	Dr Olga Oikonomidou University of Edinburgh	Update on CDK4/6 inhibitors

17.10-17.30 CLOSING REMARKS & PRIZE AWARDS **Professor Mike Dixon**

17.30-18.30 COMPLIMENTARY REFRESHMENTS & NETWORKING & POSTER HALL OPEN

18.30 **CONFERENCE ENDS**

This event is hosted by:

THE UNIVERSITY
of EDINBURGH

In association with:

Sponsored/funded by:

Major Sponsors/Funders

Financial support from Pfizer Ltd was provided as a Medical and Educational Goods and Service grant

Gold Level Sponsors

Silver Level Sponsors

Charity Supporters
