

**SAS Development Programme**

**GMC-led CESR Workshop for SAS Doctors (online)**

**Wednesday 25<sup>th</sup> November 2020, 14:00-16:40**

**General  
Medical  
Council**

The SAS Development Programme are pleased to offer this online workshop, in conjunction with the GMC, on applying for a Certificate of Eligibility for the Specialist Register (CESR), open to all SAS doctors in Scotland.

Jessica Betts, a member of the GMC's Specialist Applications Team, will be joining us to deliver a presentation on the application process and to take individual questions in a live Q&A. This workshop is suitable whether you're interested in finding out what CESR would involve or already working towards an application.

### Programme

2.00pm – Presentation

- What is CESR, and what are the eligibility requirements?
- Preparing a CESR application to the GMC
- The application process
- The approval process
- Why applications are unsuccessful

3.30pm – Break

3.40pm – Question & Answer session

4.40pm – Close

**[Click here to register your place via GoToWebinar](#)**

**If you're attending and you have a question you wish to ask**, please submit it in the 'Questions & Comments' text box when registering at the link above. Please provide your question and details clearly when registering.
