GMC-led CESR Workshop for SAS Doctors

Thursday 16 September 2021 | 14:00-16:30

Online - Platform TBC

CPD points are being applied for

The SAS Development Programme are pleased to offer this online workshop, in conjunction with the GMC, on applying for a Certificate of Eligibility for the Specialist Register (CESR), open to all SAS doctors in Scotland. Jessica Betts, a member of the GMC's Specialist Applications Team, will be joining us to deliver a presentation on the application process and to take individual questions in a live Q&A. This workshop is suitable whether you're interested in finding out what CESR would involve or already working towards an application.

Programme

14:00 – 14:10 Welcome

14:10 – 15:30 Presentation covering:

- What is CESR, and what are the eligibility requirements?
- Preparing a CESR application to the GMC
- The application process
- The approval process
- Why applications are unsuccessful

15:30 – 15:40 Comfort Break

15:40 – 16:30 Question & Answer session

If you're attending and you have a question you wish to ask in advance, please submit it in the 'Questions & Comments' text box when registering at the link above. Please provide your question and details clearly when registering. You can also ask questions on the day.

Free to all SAS-grade doctors
