

ROYAL
COLLEGE of
PHYSICIANS of
EDINBURGH

Contemporary and Futuristic Cardiology

Online | Thursday 28 October 2021

The final diagnosis and treatment may not be the most common

- Pulmonary Hypertension; past, present and future
- Case presentation – chest pain but not acute coronary syndrome

Uncomfortable decision making in diagnostic and treatment uncertainty

- Mid-range left ventricular ejection fraction, to treat or not to treat?
- Cardiovascular effect of COVID19 – an update
- Case presentation – diabetic, mechanical valve, cerebral haemorrhage

Cutting-edge treatments within ethical boundaries

- Keynote Lecture: 'Congenital heart disease'
- Parallel sessions on Electrophysiology/devices workshop; Stroke intervention; Prehabilitation and Cardiac rehabilitation

Personalised medicine in a virtual world

- Virtual consulting room and telemedicine
- Personalised medicine – genetics in heart disease

Guest speakers include:

Professor David Keily • Dr Alex Rothman
Dr Anne Scott • Dr Mark Dweck • Dr Cara Hendry
Dr Mohammed Anwar • Dr Ashley Nisbet
Dr Paul Friedman • Professor Naveen Pereira

All grades of medical, nursing, scientific staff, allied health professionals and medical students are most welcome.

Early bird discount will be available until **29 September 2021**

There are full and half-day options so you can book for as much or as little of the programme as you wish.

The symposium will be on our website for 28 days after the symposium so you can catch-up or re-watch any talks in your own time.
