

## **CATRINA GORDON**

CPD Connect Admin Co-ordinator

I have worked at NES based in the Glasgow office since December 2015.

I took on the CPD Connect Admin Co-ordinator roll April 2021, where I am working as the administrator for the GP Retainer Scheme for the West of Scotland and administrator for the SPESC Peer Review video consultations. Previously I worked in NES with the Safety & Improvement team. COVID-19 has changed a lot with having to move everything online however it is very exciting, and I am looking forward to see what the future brings.
