

Educational Webinar Series

SHARP - Scottish Heart & Arterial disease Risk Prevention – continuing our FREE Educational Webinar series:

Managing Cardiovascular Risk in the Community

SAVE THE DATE – 26 May 2022, 6.30-7.30pm

Our series continues with:

Modern treatment of Type 2 diabetes - when to use SGLT2 inhibitors, DPP-4 inhibitors and GLP-Ras

**presented by Professor Miles Fisher
Honorary Professor, University of Glasgow**

Link below to register:

<https://www.eventbrite.co.uk/e/333450869527>

At each session there will be a 45-minute presentation on the chosen topic then a Q&A session with the audience. Details of future webinars will be available soon but please contact us if you would like more information.

A Certificate of Attendance for CPD will be emailed to each attendee after the event

Membership to SHARP Scotland is now FREE. Please share with anyone who may be interested in becoming a member.
