

DON'T MISS THIS FREE ONLINE QI WORKSHOP FROM QIC LEARN for F1/F2 DOCTORS
23 June 1-2pm - REGISTER ON EVENTBRITE HERE: <https://bit.ly/3zkDDxK>

Following the huge success of this workshop: *How to set up a good quality PDSA cycle*, at this year's Bristol Patient Safety Conference, Nikki Davey of QI Clinic and QIC Learn is offering an extended version of the workshop lasting 55 minutes.

This workshop will help you prepare for our National Patient Safety & Quality Improvement Poster Competition 2023 – we look for a minimum of 3 PDSA cycles for QI poster categories

HOW TO SET UP A GOOD QUALITY PDSA CYCLE

Thurs 23rd June 1-2pm

A short, perfectly curated, virtual workshop taking you through how to set up a good quality PDSA cycle. Aimed at F1/F2 doctors.

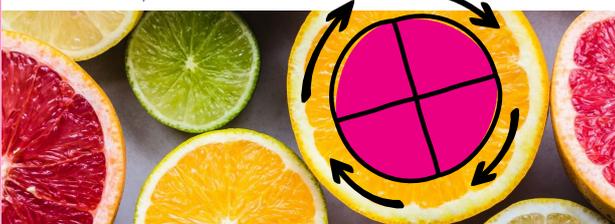

Following huge success at Bristol Patient Safety Conference delivering this session, QIClearn are running a free, virtual workshop taking learners through a journey to understand how to set up a good quality PDSA cycle.

Hosted by Nikki Davey, who has previously worked clinically as a pharmacist, followed by 15 years of learning, practicing and teaching QI.

Nikki will take you through the Model for Improvement, PDSA vs Audit and a PDSA cycle.

This course is aimed at junior doctors. Get your QI tick in the box early!
