

ROYAL
COLLEGE of
PHYSICIANS of
EDINBURGH

Diabetes and Endocrinology

Hybrid Symposium | Thursday 6 October 2022

Session 1: Diabetes: how do I...

- Assess and manage a new foot ulcer?
- Interpret a seemingly chaotic ambulatory glucose profile?
- Ensure successful transition of a young person?

Session 2: Medications, diabetes, prediabetes and obesity

- Medical complications following bariatric surgery
- Management of renal failure: when to consider an sodium-glucose cotransporter-2 (SGLT2) inhibitor
- Management of heart failure: when to consider an SGLT2 inhibitor

Session 3: Endocrinology

- Managing the endocrine aspects of adult transgender people
- Keynote Lecture: “**Innovations in endocrinology: improving diagnosis and cortisol replacement in adrenal insufficiency**” by Professor Richard Ross, University of Sheffield

Session 4 Endocrinology: how I manage...

- Oncology patients on immunotherapy at risk of endocrine dysfunction
- Pubertal induction in delayed puberty
- Individuals presenting with severe hypertension and hypertensive emergencies
- Patients undergoing adrenalectomy

Guest speakers include:
