

COMMUNICATION CHALLENGES FOR SPECIALTY, ASSOCIATE SPECIALIST & SPECIALIST (SAS) DOCTORS & DENTISTS

An immersive and interactive workshop for Specialist, Associate Specialist and Specialty Doctors and Dentists, which equips participants with the skills and confidence to have better conversations in challenging circumstances.

Working in a small peer group, participants will address communication challenges drawn from their own clinical practice.

Tuesday, 21st October 2025 (1.30 to 5 pm)

Kirkland's Medical Education Centre

Free

To book: [Click Here](#)

Topics at the workshop often include:

- Complex, shared decision-making & informed consent
- Handling anger, emotional distress, collusion or denial
- Addressing and preventing complaints
- Being open about adverse events
- Discussing goals of care, levels of intervention and CPR status
- Communication in teams and effective handover
