RCPE Edinburgh

Radiology for Medics

Thursday 17 July 2025

13:00 – 16:45

Online

Session Structure:

- Session 1: Acute respiratory distress
- Session 2: Manage silver trauma in elderly patients
- Session 3: Neurological imaging for acute patients
- Session 4: Abdominal imaging for acute patients

Each session will be delivered by Physician and Radiology experts.

The Scottish Government's vision for Realistic Medicine - to deliver high-quality and personalised care, focused on shared decision-making, reducing harm and waste, and effective risk management by 2025 - is here.

Ever wondered if you are asking for too much or inappropriate imaging?

Join us in this timely, exciting and new offering by the RCPE - in association with the Scottish Radiological Society.

This event will be of particular interest to medical residents participating in on-call medicine / hospital at night, but will also be of interest to all grades of medical, nursing, scientific staff. Allied health professionals and medical students are welcome.

All recordings of talks are available to delegates until 28 days post event.

CPD +3*
Credits

*3 CPD credits applied for.
