The methodology used to create these reports is explained in the non-technical and technical reports. The results are benchmarked against the results from trainees at a similar level of training in corresponding specialties, these are set out in the list of benchmark groups. If you wish to view the methodology reports and/or benchmark groups, please email [DeaneryQualityManagement@nes.scot.nhs.uk](mailto:DeaneryQualityManagement@nes.scot.nhs.uk) "Significant Change Indicators" ( ? or ? ) show a 95% significant change in the mean score for a unit and do not indicate a change in outcome. Rows in italics and blue contain aggregated 2022-2024 results. During the 2022-23 surveys, new questions were piloted which included areas covering equality, diversity, inclusivity and discrimination. Analysis of this new information is ongoing.
