## **Welcoming International Medical Graduates to Successful Careers in Scotland**

Dr Farhat Mushtaq, Consultant in Emergency Medicine and Lead IMG Trainer, NHS Lanarkshire

We are all involved formally and informally in supporting colleagues of all grades and career stages within our teams and services.

In this session, Dr Farhat Mushtaq will highlight the development of support and resources in NHS Lanarkshire for International Medical Graduates (IMGs) new to working in Scotland and/or the UK. We will also consider how you might use your knowledge, skills and experience to contribute to this.

This event is offered for SAS grades in NHS Lanarkshire and State Hospital and is free to attend; all SAS doctors and dentists are welcome to join. Certificates with NES-recommended CPD points will be issued to delegates after the event.
