NHS Greater Glasgow and Clyde SAS Webinar: Witness Support Service

The SAS Development Programme are pleased to offer this webinar for SAS-grade doctors and dentists in NHS Greater Glasgow & Clyde and Golden Jubilee. This event is free to attend.

Rachel MacGowan, Witness Support and Corporate Legal Manager for NHS Greater Glasgow & Clyde, will be presenting on the role of the Witness Support Service and how they can assist you if you are ever called to court as a professional witness.

What is Witness Support?

Preparation is essential when you are being called as a professional witness. Witnesses have to prepare themselves professionally for Court by reviewing all relevant documents, notes relative to their involvement. The more they prepare the more beneficial and less daunting it should be when the time comes to take the witness stand in court.

Witness support is practical, emotional and confidential support and guidance on court and legal process. Witness Support is not coaching or influencing witnesses on how to give your evidence but helping you become more prepared, confident and familiarised in the legal process you are about to embark.

Certificates of attendance with NES-recommended CPD points will be issued to all attendees.
