

# EEG IN THE ICU

## 1-DAY MEETING - PROGRAMME

There is growing interest and evidence that EEG is able to predict treatment and outcome in people on intensive care units. This meeting will discuss the use of EEG as a prognostic indicator on intensive care units.

**This meeting is aimed at intensivists and intensive care nurses.**

Austin Court, 80 Cambridge Street, Birmingham, B1 2NP

On Thursday, 11<sup>th</sup> March 2027  
9.15am – 5.00pm

Registration fee: £55
